The Irati Forest is the second largest and best preserved beech and fir tree forest in Europe, an immense green forest of 17,000 hectares that still remain wild. Located in Pyrenees of Navarre, it is a natural treasure. There are two ways to access the Irati

Forest: on the western side from Orbaitzeta and on the eastern side from the pretty village of Otsagabia.

Sit down in the heart of the forest and enjoy nature; the silence is broken only by the sound of water. Admire the crystalline colour of the Irati river that turns turquoise in the Irabia reservoir and listen to the sounds of the fauna.

This place is the habitat of multiple wild animals, birds and fish such as: foxes, wild boars, roe deers, stags, goldcrests, chaffinches, robins, black woodpeckers, white-backed woodpeckers and trouts.

The variety of colour is amazing in autumn when brown, yellow and red leaves decorate the tops of the trees.

## Activities

### Mountain biking

There are incredible cycling trails and tracks all around the Irati Forest, suitable for children and families (green line), of moderate difficulty for people in general (blue line), or of advanced difficulty for risky, adventurous people (red line).

### Bungy jumping

One jump full of emotion. Bungee jumping is like a giant pendulum as we jump from one point on the bridge and the ropes are attached at the opposite end. Jumping from the Orbara bridge (100 meters high) is one of the most exciting experiences you can feel, it's a 7 seconds free fall!

Have you ever had a **perfect holiday**?

Do you remember some of the things you did during the holiday?

Write about it, and enjoy imagining it...

Here you have some ideas or things to take into account:

*Where did you go? When did you go? Who did you go with? What did you see and do there? Where did you stay? What places did you visit? Did you try any new kind of food or drink during your holidays? Etc.*

*Notes & draft box (to write ideas or key words). This planning is not scored.*

**32.** Now write your text here. Be careful with the punctuation and remember the use of paragraphs and capital letters. Be creative!

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
