It's time to start reducing your eco-footprint. You can do it by following the three Rs: Reduce, Recycle and Reuse.

- a. When you reduce, you use only what you need. Start by reducing the things you don't really need. So, stop buying on impulse. When you are shopping, try to buy food from local markets so you reduce the amount of packaging you use (you get more packaging from supermarkets). At home, you can

reduce your consumption of water by taking shorter showers or recycling the water from the washing machine to flush the toilet.

- b. When you recycle, you can make new products. There are a lot of materials that you can recycle if they're in good condition. It's a good idea to use plastic bottles as plant pots. You can use waste paper for your art projects. And don't forget to use the paper on both sides. To recycle, you just need some creativity.
- c. There are a lot of things we can reuse. Stop buying a bottle of water every day. You can refill it from the tap in some cities and use it many times. Stop throwing away bags and clothes. Reuse the bags you have at home and give the clothes to other people. You can reuse things more than once.

- 21. When you buy in local markets...
 - a. You help to recycle
 - b. You use more water
 - c. You reduce the number of packaging
- 22. To make plastic pots you need...
 - a. Paper bags
 - b. Plastic bottles
 - c. Some water
- 23. Shorter showers help to...
 - a. Reduce the amount of paper
 - b. Save some water
 - c. Recycle plastic bottles.
- 24. When you refill your bottle of water is an example of
 - a. Reuse
 - b. Reduce
 - c. Recycle
- 25. People can reduce water consumption by:
 - a. Using the washing machine only on the weekends
 - b. Buying clothes of the same color
 - c. Flushing the toilet with water from the washing machine.

Last summer, I did something really exciting. I went to a summer science camp on a special boat for kids, *ExploraMar* with sixteen teenagers from all over the world. We sailed near *Baja (Mexico)* in the sea of *Cortéz*. I learned how to sail, and I learned a lot about the sea and sea animals. I made many new friends, but I worked hard, too.

En *ExploraMar*, everyone had a **job**. Some kids cleaned. Some kids cooked dinner. Some kids washed dishes. I did not do those things, but every day I got up at 6 A.M. and made breakfast.

I spent every afternoon snorkeling and swimming. Some kids went fishing. I did not but I saw hundreds of beautiful fish from the boat. I also saw a lot of dolphins and sea lions. I forgot my camera, but a friend took many pictures. I had a great time.

Christine Parker.
