9. Sunrise ____
10. Sunset____

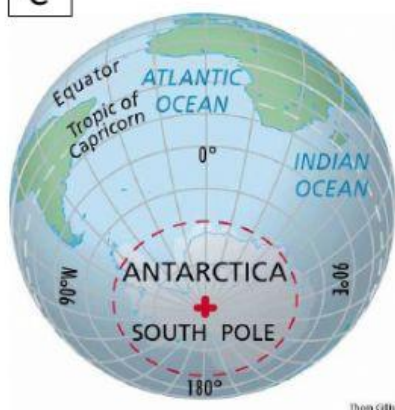

A

B

C

D

A close-up photograph of a hand holding a glowing incandescent lightbulb. The lightbulb is the central focus, emitting a warm, yellowish-white light that illuminates the hand and creates a soft glow against the dark, out-of-focus background. The hand is positioned at the bottom, with fingers wrapped around the base of the bulb. The overall mood is one of inspiration and enlightenment.
