

Écris une phrase d'addition et une phrase de multiplication pour chaque dessin.

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

Écris la phrase de multiplication.

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

Écris la phrase de multiplication.

$6 + 6 + 6 = 18$  \_\_\_\_\_

$2 + 2 + 2 + 2 = 8$  \_\_\_\_\_

$1 + 1 + 1 + 1 + 1 = 5$  \_\_\_\_\_

Écris la phrase d'addition.

$5 \times 3 = 15$  \_\_\_\_\_

$6 \times 4 = 24$  \_\_\_\_\_

$2 \times 9 = 18$  \_\_\_\_\_
