

I'm not worth it. By Neffex

[Intro]

And everybody knows that
I'm not perfect And everybody knows that
I'm not worth it
I don't know why you hate me
I don't know why you hate me
Yeah, 'cause I'm not worth it

[Verse 1]

It's cold outside with the gray skies
See your dark _____ and my dark lies
Hate myself and the pain that I caused her again
No, I can't hide although I try
I don't know why but the night _____
It's so dark, too much space between the _____ in my head

[Hook]

And everybody knows that
I'm not perfect
And everybody knows that
I'm not worth it
I don't know why you hate me
I don't know why you hate me
Yeah, 'cause I'm not worth it

No, I'm not worth it
Oh, I'm not worth it
don't know why you hate me
don't know why you hate me
Yeah, 'cause I'm not worth it

[Verse 2]

She's cold now like the chill in the winter
I'm empty like the hole from a _____
We fold now like the photo of the time that we spent
We crossed paths but our minds never centered
I feel bad but I tell her "never better"
Don't know why, but I feel like _____ came and then went
