

The Impossible Dream

To dream the impossible dream

To fight the unbeatable foe / toe / bow

To bear with unbearable sorry / sorrow / borrow

To run where the brave dare / bare / bear not go

To _____ the un-rightable wrong

To _____ pure and chaste from afar

To _____ when your arms are too weary

To _____ the unreachable star

This is my rest / quest / best,

To follow / borrow / hollow that star

No matter how helpless / hopeless / headless,

No matter how fast / far / firm.

To _____ for the right

Without _____ or pause,

To be willing to _____

Into hell for a _____ cause.

And I know if I'll only be true / two / too
To this glorious rest / quest / best
That my heart will lie peaceful and calm / balm / talk
When I'm laid to my rest / quest / best

And the world will be _____ for this
And one man, sore and _____ with scars
Still strove with his last ounce of _____
To fight the _____ foe
To reach the _____ star
