

## LET'S REVIEW- NUMBERS TO 20 AND AROUND TO SCHOOL

1. Calculate.

+

One + two =

Eight + three =

Five + seven =

Fifteen + four =

Eighteen + two =

Twelve + three =

-

Five - three =

Nine - five =

Seven - seven =

Fifteen - eight =

Eighteen - three =

Thirteen - one =

2. Read the text and solve the task.

POLDA: This is my maths room and this my english classroom.  
MRS. MOČNIK: Who's that over there? Is this your class teacher?  
POLDA: No, she isn't. That's Mrs. Smith. She's my sport teacher.  
MRS. MOČNIK: Oh, I like to meet her.  
POLDA: Mrs. Smith, this is my mother. Mum, this is Mrs. Smith.  
MRS. SMITH: Good morning, mrs. Močnik. Nice to meet you.  
MRS. MOČNIK: Morning, mrs. Smith. Nice to meet you too.  
POLDA: Oh, look, here's Edita. Mum, this is Edita. She's my friend.  
EDITA: Good morning, mrs. Močnik.  
MRS. MOČNIK: Hello, Edita. How are you?  
EDITA: I'm OK, thanks.

a) Write true, false or not given.
