

READING: WHEN I WAS YOUNG

When I was a young boy, school was very different than it is today. It wasn't fun! I was a good student, always reading and studying. I was the top of my class in Maths! I was scared of my teachers and I was very quiet in the classroom. My best friend, Joy, was very talkative and funny, not like me, and she was always in trouble with the teacher. Poor Joy! I was good at sports, I was on the swimming team and the running team. When I was eleven, I was the regional 5km running champion! But I was never very good at painting or drawing.
