Celebrities! What do you think about them?

Celebrities are mega rich and famous people. They can be footballers, dancers, actors or singers for example. They are a public figure and sometimes expose **their** privacy. They give autographs, have fun clubs and are followed by millions on social media. They are VIPs where they go, living in mansions, driving expensive cars and flying on **their** private jets. Some have wonderful characteristics. They are talented and extrovert. But others are artificial and arrogant. One thing is right: They are always in the public eye, ready to gossip if a scandal happens to **them**.
