

Name: _____

SPOOKS

They are dead people who return to life. They are therefore called the 'living dead'. They eat brains and the only way to kill a zombie is by cutting their heads off. They look pale and horrible. Their skin and flesh are falling to pieces. They walk slowly.

They are creatures that drink other animals' blood. During the day they sleep in coffins and are allergic to sunlight. They have pointed ears, two sharp teeth, red eyes and a pale face. They are immortal.

They are men who are supposed to turn into wolves. They normally live near the forest. They have got small pointed ears, sharp fingernails like claws and hair on the palms of their hands.

It's a specially preserved dead body. They lived in Egyptian pyramids and tombs.

Some are invisible, some are transparent, others seem to be quite real and solid. They live in cemeteries and can walk through walls.
