Achievements

I think one of the most interesting people in history was Florence Nightingale. She started the first nursing school in London.

She was born (1) 12th May 1820. (2) 1844, she decided to become a nurse.

(3) October 1853, the Crimean War started. Florence travelled across Europe to the Barrack Hospital to help the wounded soldiers. There were thousands of patients in the hospital. But the hospital was dirty, full of rats and the soldiers didn't have beds. Florence and the other nurses cleaned the hospital and helped the soldiers. Everybody thought she was great. She died (4) 12.00 pm (5) 13th August 1910.

I like Florence Nightingale because she wanted better hospitals and training for nurses.
