

A SAD STORY OF LOVE

Her family and my family are very close and her grandmother has a combi, and they invited us to go to the geyser in Hidalgo, well, all my family said yes.

Everything was normal, until I saw her in the pool, and it was as if I had seen an angel, I swear you, I liked her since the first moment I saw her, I think at that time we were 14 years old.

Well, of course, I wanted to meet her and know her name, well, I remember that I asked her, her name and she answered me "My name's Alisson" and I asked her "Do you have Facebook?" and she answered me "No, I don't have" but she was very special, I mean, muy niña fresca.

Anyway, we got home and we say goodbye, but surprise, the next day, I already had a friend request on Facebook from her.

Since that day, we started talking every day, 24/7, the next year, her grandmom invited us again to another trip, this time we went to Leon, Irapuato, San Juan de los Lagos and Guayabitos in Nayarit, so we were together a long time, we ate together, we went to the beach together, etc etc.

At night, when we were going to Irapuato, because there are the best strawberries, well, my uncle was driving, so he told me if I could go to the front of the car and my dad would sleep for a moment, of course I said yes, because Alisson was behind of the driver's seat and I could talk to her more time, and of course it was. We were talking all night, we fought a blanket, I talked with her grandmother, we laughed all the way, I love that memory.

After that trip, we always talked, I don't know exactly how many months, but after that, we started going out to the park, we talked with emojis of lovers or things like that.

Well, after a few months I asked her if she wanted to be my girlfriend, she said yes, we were dating for about 4 months, as I told you, at that time time, we were 15 years old.

We had problems, our relationship was over, a few months later, we decided to try again, we were together 3 months again, we had some problems again, our relationship broke up again, we kept in touch on Facebook but it wasn't the same anymore.

As I told you, we kept in touch, sometimes we talked at night, and to be honest, but we talked things about the school, about friends, or something like that.

Imagine this, from 2017 to 2019 we didn't see each other, so, we met again when my little sister was baptized, and when I saw her, I didn't recognize her, well, at that

party, we talked face to face again, we danced once and she had to go to her house, so I asked her "Can we talk tomorrow?" and she said yes.

After that party, we had a meeting with her family and mine, we danced again, At 9:00 pm was time to go home, so I asked her, "Would you like to go to the park tomorrow?" and she said "Yeeees"

Well, we went to the park, we had a great time, the next Saturday we went to the movies and OMG!!! We kiss each other.

To be honest, I was really happy, because it was like a dream, she went with me everywhere. After 5 months, I asked her if she would like to be my girlfriend again and she said yeees.

Everything was very nice until we started to have gossip problems and of course, distrust in our relationship and it wasn't the same, so, our relationship ended on February 16th, 2020.
