1. Read the conversation and choose the correct option.

Sam: Can I borrow / lend \$50, please? I want to buy some clothes.

Dad: I gave you money last week. What did you pay / spend it on?

Sam: Um, I went to a restaurant.

Dad: You can't waste / afford to go out for meals! I'm not going to borrow / lend you money if you waste / save it like that. You should get a job and earn / afford some money.

Sam: Well, I help you with the chores and you never spend / pay me. That isn't fair!
