### **Every Dog has its Day!**

Most people like to look after their pets. They give them good food, take them to the doctor when they are sick, and even buy them a coat for cold winter days. But all this is nothing if you see what Biscuit and Bath in New York can offer to man's best friend.

This beautiful building has got five floors and it is in the middle of Manhattan. The floors are covered with plastic green carpets that look like real grass. There's a variety of things for dogs to do. There is a heated swimming pool and a garden café where you get a free dog biscuit with every cup of coffee. There is also a gym where your dog can exercise, and a pet shop full of healthy food, as well as clothes and toys.

It costs \$500 to become a member of

Biscuit and Bath, with extra fees for services, like haircuts, birthday parties or special classes. All this for your four-legged friend, of course! For example, your dog can join dance classes for an extra \$100. If your dog has problems playing with other dogs and people, you can take it to classes where trainers will teach it to be friendly. With the help of these classes your pet will always enjoy being with other dogs. Most important of all, at Biscuit and Bath your pet will be able to meet other dogs and make new friends.

But that's not all! If you are planning to go away for a weekend and you have nobody to look after your dog, Biscuit and Bath will help you by giving your dog a home away from home. So what are you waiting for?
