

W każdą z luk 1–6 wstaw zdanie a–f tak, aby otrzymać spójny i logiczny tekst.

Schools of the future.

Future schools will change a lot. First of all, there won't be any school buildings or traditional classrooms as no one will go to school in person. (1) b What is more, each student will decide when he / she wants to learn and what material he or she prefers.

Secondly, there won't be any real teachers. (2) ____ Students will choose the teacher – robots they want to study with and personalize them. They will decide about the appearance, voice and character of the teacher robot.

Thirdly, there won't be paper books or notebooks anymore. (3) ____

As teamwork is really important, students will work together on different projects. However, they will not meet face to face, but they will meet online. (4). ____ They will look for information on the Internet and use special multimedia resources prepared by schools.

Parents will get short text messages with information about their kids every day. (5) ____

Finally, there won't be any school trips or PE lessons. (6) ____ Sports and PE lessons will be virtual too. Students will play special 3D games, and thanks to them they will keep fit and healthy.

- a. There will also be a special website for parents with detailed data about their son or daughter.
- b. ~~Everyone will study on-line~~
- c. Instead of going on a trip by bus, students will put on special 3D glasses and will go on virtual trips to many amazing places.
- d. Special robots will give lessons and check students' knowledge.
- e. They will use webcams, microphones and good quality speakers when working on projects.
- f. Students will use digital books and do homework using laptop keyboards or smartphone touch screens.

Uzupełnij zdania 1–6 wyrazami z ramki.

astronomer

planet

universe

solar

sky

star

- 1 A(n) astronomer knows a lot about stars and planets
