Life in the city is totally different from the rural life. The city - life has both sides good as well as bad. First comes before the bad side. The **evils** of city life begin from its vast population. There is crowd everywhere. The growing industrial development attracts rural people. They flock to the city to seek jobs and enjoy the city life. Lot of population creates problems of accommodation. People live in congested houses in limited space. Colonies of buildings and skyscrapers are raised at random without any systematic planning. The water - supply falls short. The smoke from the industry and innumerable factories pollutes the air. People breath only smoke. They work round the clock. They are always in a hurry and worry. No greenery, no nature, no open air, no trees, no birds, no time to stand and stare. Can city - life be pleasant? True, the city offers its citizens many up-to-date modern comforts and facilities. One can get best education from primary to the university level. One gets variety of books from big libraries. There are many good educational aids like cultural centers, technical schools, museums, art - galleries, etc. For recreation, there are parks with many toys.
