

The Sound of Silence by Simon & Garfunkel

Number the lines

- ☐ Left its seeds while I was sleeping
- ☐ I've come to talk with you again
- ☐ Within the sound of silence
- ☐ Hello, darkness, my old friend
- ☐ And the vision that was planted in my brain
- ☐ Because a vision softly creeping
- ☐ Still remains

Join the two parts

In restless dreams

Narrow streets

'Neath the halo of

I turned my collar to

When my eyes were stabbed

That split

And touched

by the flash of a neon light

a street lamp

the sound of silence

I walked alone

the night

the cold and damp

of cobblestone

Drag and drop the words onto the blanks

And in the _____ light I saw

Ten thousand people, maybe more

People _____ without _____

speaking

no one dare

writing songs

hearing

People _____ without _____

never share

People _____ that voices _____

naked

And _____

listening

Disturb the sound of silence

talking

Fill in the blanks

_____, said I, you do not know?

Silence like a _____ grows

Hear my _____ that I might _____ you

Take my _____ that I might _____ out to you

But my words like silent _____ fell

And echoed in the _____ of silence

And the people bowed and **darpey** _____

To the neon god they made

And the sign flashed its **rinngaw** _____

In the words that it was **gronfim** _____
