

## BEFORE WATCHING THE FILM GODZILLA 2

Godzilla is a giant monster that was first featured in the Japanese film *Godzilla* in 1954. It became a popular character in films, comics, television shows, books and video games. It is also known as the "King of monsters".

The story says that *Godzilla* was created in 1945 when the Japanese cities of Nagasaki and Hiroshima were destroyed by nuclear bombs. After these incidents *Godzilla* was created by Ishiro Honda to represent the destruction of nuclear weapons. However, *Godzilla* was shown to be a hero in some film roles, the original intention was to create a monster that threatened humanity. *Godzilla* is shown as an enormous, destructive, prehistoric sea monster awakened and empowered by nuclear radiation.

The original Japanese name of *Godzilla* is *Gojira*. The name *Godzilla* is a combination of the Japanese words whale and gorilla. *Godzilla* was described as "a cross between a gorilla and a whale", due to its size, power and aquatic origin.
