THE CREATURE IN THE WARDROBE

Last night, Daniel was sitting on his bed, reading a book. Around 10 o' clock, he heard a very strange scratching noise. The noise sounded like it was coming from inside Daniel's room. Daniel looked around his room but he couldn't find where the noise was coming from, so he continued to read his book and then he fell asleep.

Suddenly, in the middle of the night, Daniel jumped out of his bed because he heard the strange noise again. He turned on all the lights and searched his room again but he didn't find anything. The next morning, Daniel woke up and opened his wardrobe to look for his favourite sweater. He found his sweater on the floor and reached for it but the sweater started to move. Daniel screamed and then he saw his black cat, Tabby, coming out from under his sweater.

Apparently, Tabby went into Daniel's wardrobe the night before and when she couldn't get out, she started scratching the door. Daniel was very relieved when he realized that it was only his cat making the noise and not something scarier.
