Directions: Put the for how to make tea in order in the boxes below.

As a result, you have the perfect cup of tea!

First, fill your kettle with cold water. Turn on kettle to boil the water.

Last, add some sugar or honey, if you like your tea sweet, or add some milk to cool it down. Then enjoy your tea! Be careful, it's hot!

Next, wait 3 minutes for your tea to seep. (Wait for the tea to diffuse in the water.)

Next, while you are waiting for your water to boil, get your tea cup and saucer. Place a tea bag in the cup.

Then carefully pour the boiling water from the kettle into your cup over the teabag.

Then carefully remove your teabag from the cup with your teaspoon.

You will need: an electric kettle, a tea cup and saucer, a tea bag, a teaspoon, sugar, and water.
