Tiger Street Club Report

In the US ... Children do two hours of PE every week. They also play sports after school. Some PE classes are in the school gym. Other PE classes are outside in the playground or on the school sports field.

My exercise

PE is my favorite class. In PE we have races and play games in the gym. We also do workouts and dance hip-hop. I can do workouts and I can touch my toes. I can't dance hip-hop and I can't run fast. After school on Mondays and Wednesdays, we play soccer. On Fridays, we swim. On Sports Day, we do a lot of fun races. The egg and spoon race is my favorite race. Our families come and watch. It's great!
