---	---

## Reading

### Computer Magic

*Can you hear or feel pictures? Can you move something without touching it? Dan Jellinek went to Los Angeles and found out that you can do all these things ... and more.*

Computers have started to change the lives of some disabled people. They can help them to communicate and to live more independent lives. The 14<sup>th</sup> International Conference on computers and disabled people showed some exciting examples.

- 1) vOICe is a programme that changes pictures into sounds. Different colours and shapes have different sounds. Blind people can listen to the sounds and 'see' pictures by using their ears.
- 2) The programme **MouseCAT** changes pictures into vibrations on the screen. Blind people can touch the screen and 'look at' the images. They can also use this programme to change texts into speech.
- 3) **MindMouse** can identify brain activity. It is like a hat. You put it around your head. You can then operate the computer by thinking.
- 4) **CharM** is a computer system that can identify people's emotions. In this way, people who can't speak can communicate how they feel to other people.
- 5) **Handy 1** is a robot arm with five different kinds of movement. It can help very disabled people to do activities like eating and drinking.
- 6) It is often difficult for disabled or very ill children to make friends. **DO – IT** is an Internet programme that helps them to get help and support from other children who have suffered the same problems.

### Match the texts and the questions.

#### Which computer

- a) can be a person's head? \_\_\_\_\_
- b) can be a person's friend? \_\_\_\_\_
- c) can be a person's eyes? \_\_\_\_\_
- d) can be a person's tongue? \_\_\_\_\_
  
- e) can be a person's hands? \_\_\_\_\_
- f) can be a person's nose? \_\_\_\_\_
- g) can be a person's heart? \_\_\_\_\_

## Writing

You got a new mobile phone as a birthday present. **Write an email** to your friend, Tom.

In your message you should:

- tell Tom who gave you the phone ;
- describe your new phone;
- write what your favourite app is and why.

Write **45-50 words**.
