- Yes, I did. I was in Plymouth. I took a course of English at the college.
- For 2 weeks. But there were 3- and 4-week courses there, too.
- We had four lessons every morning, except Saturdays and Sundays. The lessons were interesting; the teachers used different ways of teaching. Besides, I spoke English after the lessons, too, and outside the classroom, I picked up many useful words. I think I became more fluent.
- My class was small; there were eight students from different countries. I made friends with Roberta from Italy.
- A lot of things. The programme was interesting. We went on excursions, played sports, went shopping. I really had a great time.
- Yes, very much. The teachers were friendly and helpful. And I feel my English is better now. I'm going to take a 4-week course next summer.
