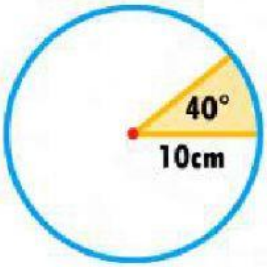
HOJA DE TRABAJO 3 PARA 6° GRADO

ELABORADO POR EL LIC. AMILCAR DELGADO

A. INSTRUCCIONES: Encuentre el área de las siguientes figuras.

A.1)



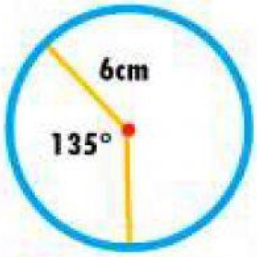
$$A_s = \frac{\pi \cdot r^2 \cdot \measuredangle}{360°}$$

$$\text{Área}_s = \frac{\square \times \square \times \square}{\square}$$

$$\text{Área}_s = \frac{\square \times \square \times \square}{\square}$$

$$\text{Área}_s = \frac{\square}{\square} = \square \quad \text{Respuesta}$$

A.2)



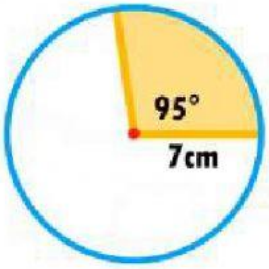
$$A_s = \frac{\pi \cdot r^2 \cdot \measuredangle}{360°}$$

$$\text{Área}_s = \frac{\square \times \square \times \square}{\square}$$

$$\text{Área}_s = \frac{\square \times \square \times \square}{\square}$$

$$\text{Área}_s = \frac{\square}{\square} = \square \quad \text{Respuesta}$$

A.3)



$$A_s = \frac{\pi \cdot r^2 \cdot \measuredangle}{360°}$$

$$\text{Área}_s = \frac{\square \times \square \times \square}{\square}$$

$$\text{Área}_s = \frac{\square \times \square \times \square}{\square}$$

$$\text{Área}_s = \frac{\square}{\square} = \square \quad \text{Respuesta}$$
