Activity n° 3

Solve the following subtractions and write the respective terms.

-

6	7
2	3

-

7	1
3	8

-

8	8
2	6

-

2	4
1	7

Activity n° 4

Note: To solve activities n ° 4 and n ° 5, you must use the following structure, 45 + 20 = 65

Check the first subtraction property in the following subtractions.

Remember: if we add the subtrahend plus the difference, the result will be the minuend.

LIVEWORKSHEETS

Activity nº 6

Solve (NEUTRAL ELEMENT)

Remember, if the neutral element of the subtraction is the number zero (0), any number less 0 will give the same number.

67 - 0 =

47 - 0 =

90 - 0 =

185 - 0 =

378 - 0 =

912 - 0 =
