

A. LISTEN TO THE SONG, FILL IN THE BLANKS AND HAVE FUN!

We're **stuck** here in the house for the next four weeks or so
And we won't be going out coz the **government** said NO
Just my mother and my father and my sister and me and little Maisie too
So for the family's **sanity** can't you see what we must do?

Hey Graeme
Yeah?
Do you wanna move?
I wanna move
Hey, hey Jo
Yo
Can you feel the **groove**?
I feel the **groove**
Hey Lani
What's up?
Do you wanna take a **chance**?
Hell yeah
The family's together so let's just dance

Lock the door, hit the **floor**
It's the family **lockdown** boogie
Incarcerated, blood-related
Family lockdown boogie
Dancing queen in **quarantine**
Family lockdown boogie
We can't go out so we're all about
Family **lockdown** boogie

What a treat it is to be **locked** down with these three
Because we can't get on each other's **nerves** if we're dancing constantly
We're staying strong and getting **along** coz that's just how we do
Won't let this virus **divide** us so try this with your family too

The streets are **empty** and the doors are locked
We've got time aplenty and the fridge is **stocked**
We're a **nuclear** family and we know how to rock
So lock it down and turn it up right now you don't need to stop

Lock the door, hit the...
It's the family.....

Now wash your hands, do not **touch** your face
Cough into your arm, keep two metres of space
Stay inside your **bubble**, don't forget to smile

And for the next four weeks do a family lockdown **freestyle**
