Read the article "Love on Facebook". Match the headings.

- A No secrets on *Facebook*.      B Popularity is dangerous.  
C Too much information.      D What does he *really* feel?

1 ☒ C

You don't want to see your ex-boyfriend when your relationship finishes. And you really don't want to know about his new girlfriend. But *Facebook* tells you everything, including how happy he is with his new girlfriend.

2 ☐

Your boyfriend doesn't write on your 'wall' one day. You're worried. Does it mean he doesn't like you? Another day, he sends you ten messages. You feel stressed. Does he like you too much?

3 ☐

Your friends know you have a new boyfriend because you change your status from 'single' to 'in a relationship'. The problem is they know when it finishes too, because you change it back to 'single' again.

4 ☐

You get a lot of messages from boys but this isn't good for your relationship. When your boyfriend sees you writing to so many other boys, he feels worried. And that can mean the beginning of the end.
