Conditioned to respond to all the

In the rhetorical of the Soviets

I don't subscribe to this

It'd be such an thing to

If the love their too

How can I save my little from Oppenheimer's deadly ?

There is no monopoly on common sense (= bon sens)

On either side of the fence

We the same , regardless of

Believe me when I say to you

..... no historical precedent

To put the in the mouth of the president?

..... no such thing as a winnable

It's a we don't believe anymore

Mister Reagan says, "We will you"

I don't subscribe to this point of view

Believe me when I say to you

I the Russians their children too

We the same , regardless of

But what might save and

Is if the love their too
