

## Subtractions Rules

First, look at the **ones** place. Is there....

More on top?

No need to stop.

$$\begin{array}{r} 6\mathbf{8} \leftarrow \text{more} \\ -2\mathbf{5} \\ \hline 43 \end{array}$$

More on the **floor**?

Go next door...

Get 10 more

$$\begin{array}{r} 4\ 12 \\ 5\mathbf{2} \\ -2\mathbf{9} \leftarrow \text{more} \\ \hline 23 \end{array}$$

Numbers the **same**?

Zero's the game.

$$\begin{array}{r} 7\mathbf{6} \\ -2\mathbf{6} \leftarrow \text{same} \\ \hline 50 \end{array}$$
