03 OCTOBER 2018

My lovely grandma.

3

I'm so glad to receive your early Christmas present.

I can't imagine I get it in October! Thank you so much. Please also tell grandpa that I'm saying thanks. I let you wait for my response in purpose. I was making some accessories using the beads you bought me.

I attached some pictures of the accessories I made. Do you want some? By the way, I plan to sell these accessories. I'm sure many people will be interested to buy them. However, my problem is I don't know where to buy the unique beads in Solo. Do you have any idea, grandma? I desperately need help for this. Oh, and about my study, please don't worry about it. I'm going to study hard to get the best result.

My mom and dad said that you and grandpa must enjoy yourselves there. They said they miss you all a lot. I miss you too. Oh, we also have already prepared a gift for your 75th wedding anniversary. I hope we can meet soon.

See you in January next year!

Tons of love,
