

GRAMMAR

TASK 3

There is one grammatical error in each line of the passage below. Circle the error and write the correct answer in the box provided.

Throughout history, people has been hunting

13.

wild animals too provide their families with food,

14.

clothing and shelter. Today, hunting is not longer a

15.

necessity also considered a hobby. People hunt for

16.

either sport and profit. Wild meat is considered a

17.

delicacy and enjoyed, not by all but by more people.

TASK 3

There is one grammatical error in each line of the passage below. Circle the error and write the correct answer in the box provided.

In today's world we all wants to be successful.

13.

Which is success? Success means to fulfil a goal you have set for oneself. Achieving success

14.

demands some form of sacrifice of you.

16.

Successful people work hardly to achieve their

17.

goal and in most cases ever give up.

GRAMMAR

TASK 3

There is one grammatical error in each line of the passage below.
Circle the error and write the correct answer in the box provided.

Kids didn't need sweetened drinks. Added sugar
has been link to childhood obesity, chronic
diseases and other healthier hazards. Sugar in
soft drinks does not provide no nutrients or fibre
to the body. It only add calories which in most
cases should lead to weight problems.

GRAMMAR

TASK 3

There is one grammatical error in each line of the passage below. Circle the error and write the correct answer in the box provided.

Interaction among these two groups of living

13.

things, humans and animals, are quite common.

14.

Humans derive personal, socially and economic

15.

benefits off these relationships. Research studies

16.

have shown that people whom own pets seem

17.

to be in general healthier and happiest.
