It is [REDACTED] and run by Donato Di Santis, the famous chef that's on TV in Masterchef.

Donato is a five michelin chef so

Unluckily you can't book in advance so [REDACTED]. The room is extremely small and it's always full, so

We ordered an enormous portion of homemade lasagna and my friend ate the burrata salad.

[REDACTED] it was like travelling to Italy with your senses.

Being a famous restaurant it is obviously expensive but it is worthy.

and enjoy the experience of an amazing Italian menu.

I expected his restaurant to have a delicious and original menu.

[REDACTED] I highly recommend you go

[REDACTED] I also expected to be a bit crowded.

[REDACTED] Both dishes were delicious,

[REDACTED] to celebrate my birthday.

[REDACTED] we waited for about an hour at the entrance.

[REDACTED] a genuine Italian food restaurant located in Belgrano
