4.	A group of birds feeding on a tree is an example of which biotic term?	
	a. population	c. habitat
	b. community	d. ecosystem
5.	Which of the following is not one of the basic needs of biotic elements?	
	a. social interaction	c. water,
	b. suitable habitat	d. oxygen
6.	Plant leaves have a special green substance that is needed for the reaction to occur. What is this substance?	
	a. carbon dioxide	c. sunlight
	b. glucose	d. chlorophyll
7.	What is the name for all the animals of the same species living in an ecosystem?	
	a. population	c. species
	b. community	d. organism

ings in an ecosystem?
city
species
on which animals and man depend.
climate
. water and air
ergy are all essential components of
. carbons
. services
Snake Frog Boy Worm Heat
Abiotic
