

6. Read the text and answer the question.

We're all staying at our homes nowadays, and it can sometimes be boring. I have some ideas to make our lives in this period entertaining. They are all really interesting, and also, you don't have to pay any money for them.

**Watch Online Concerts:**

Many singers organize online concerts on their social media accounts. You can have a great time at your own house.

**Visit Online Museums:**

A lot of museums from different parts of the world are open to online visitors. Hagia Sophia Museum, the British Museum and the Louvre are just some of them. Connect your PC to your TV and start a tour with your family.

**Do Some Physical Exercise Online:**

Staying at home shouldn't make you unhealthy. With some simple materials (such as bottles, balls, etc.) and some training videos on the Internet, you can turn your living room into a gym. You can look fit and be healthy.

**Have Video Chats with Elderly People:**

These days, everybody needs support. Elderly people have to stay at home, too, and they feel bad about this. We can have a chat with our grandparents and elderly relatives and make them happy. Let's call an elderly person every day.

Read the text and answer the questions 8-9.

Hi! I'm Mert. I'm a doctor. If your body isn't strong enough, you may become ill easily. I want to share the names of some food and drinks that help you keep healthy and strong. First, drink lots of water every day. 2-2.5 liters of water will save you from many health problems. Second, always get enough vitamin C. Green pepper, lemon and orange can provide you with the necessary amount of vitamin C. Protein is also very important for your body. Eggs, meat and cheese make your body strong. If you feel unhappy and tired, you definitely need vitamin B12. You can get this vitamin from seafood, milk and yoghurt. Finally, garlic and ginger are the secret of a healthy life. If you eat them regularly, you will avoid many health problems. Stay at home and stay strong. Bye.
