1	2	3	4	5
				
6	7	8	9	10
				

1	
2	NEG
3	
4	NEG
5	
6	
7	

8	NEG
9	
10	

3. Read the following and decide whether the statements below are true or false or if there is no information .

A university professor in Singapore gave a two-hour online class but didn't realize he was on mute, that is to say, his mic was off. Professor Wang, a Maths teacher, was teaching online because classes in Singapore are not face to face to reduce the spread of COVID-19. The problem was that when the class started students could hear the professor. Then the video froze. When it came back, the mic was off and professor Wang did not notice. Probably, this happened because he was using an ipad and not a computer.

Students tried many times to contact professor Wang during the lesson but could not communicate with him. They waved their arms and even tried calling him on his personal phone. A video of the moment he understood his mic was off has gone viral on the Internet. It has received more than 653,000 views. After he realized what happened, professor Wang appeared shocked and stressed. He said he was upset because his students could not learn in his class. He has offered to repeat the class at a different time so his students do not miss that class. One of his students posted on social media: "He is a good teacher. I feel bad for him."

1. Professor Wang teaches Math in Europe.

2. In Singapore there are remote classes.

3. The teacher was teaching on Zoom.

4. Professor Wang had connection problems at home.

5. The students could never hear their teacher.

6. The teacher did not hear his students and the students could not hear him.
