

Q4 SCIENCE 4

Characteristics of Different Types of Soil

Direction: Name what is indicated in 4 pics in 1

1. _____

2. _____

3. _____

4. _____

5. Which soil has the largest particles?

clay

loam

sand

6. Which soil has the smallest particles?

clay

loam

sand

7. Which soil has not so small and not so big particles?

clay

loam

sand

8. Which soil has the highest amount of water drained?

clay

loam

sand

9. Which soil has the lowest amount of water drained?

clay

loam

sand

10. What characteristic affect the ability of soil to drain water?

color

**particle
size**

uses
