1 Read Tim's text about his schools. Then complete the chart.

Hello! I am Tim. I am from Japan and I am 14 years old. I live and study in the United States now. My new school is very big! There are 15 classrooms, three computer labs and four sports courts there. In my old Japanese school, there are only two classrooms, one computer lab and one sports court. It is very small, but it is good too.

Oh, there is a Science lab in my new school. There aren't any Science labs in my Japanese school.

And how about your school? What's it like?
