If you ask me                      To be honest  
I think so too                      I completely agree  
But don't you think ?              But do you really think...=?  
Wouldn't you agree that..?  
So should we decide on.....?      Shall we say we agree that....?

Education:

Become independent/self confident    earn trust    be punctual    benefit from    choose  
between    specialize in              organise your time    learn value of    make your own  
judgements

1. Travel give you a chance to                      of a place and the people.
2. Leaving on my own has made me                      more                      .
3. I have really                      from my year in Canada,I feel more confident now.
4. After Tom got a part time job at the restaurant he has decided to                      hotel management.
5. You really have to                      if you want to attend school and have a job.
6. By managing my time and work I have                      of my teachers and parents.

Bargain/s    pricey    receipt    exchange    discount    price/s    on sale    buyer    worn out    item  
trendy    fit    try on    reductions    brands    tags    second hand    try on

### Shopping

1. I love going to second hand stores ,you can find some
2. Although I had the                      they wouldn't let me exchange the
3. He always shops online and he buys clothes when they are
4. Carol is the kind of                      who looks for unique items.
5. The shoes at the shop were very                      just unaffordable.
6. I am sure she will return the dress after the party,look the price                      is still on
7. It might be a                      store but I have no money to buy new clothes.
8. My dad hates when I wear my                      jeans to school

9. Dressing rooms are awful,I always my clothes at home
