I hate pollution. It makes me really agrny. I think pollution is greed. People don't care about the environment so they lpeotul the air just to make lots of money. Big companies are the worst. They rdneep they're not polluting. They have the money to say they are "green". Pollution casffet us all. We are all less healthy because of companies that pollute the air or our revris. Everybody needs to think about how we can reduce the amount of pollution we react. Not using the car when we can walk is one way. Turning off tihgsl we don't need is hnertao. Barack Obama says he's going to do his best to help the Earth. I really hope he does because if pollution gets any worse, we'll be in lyeiruoss big luetbro.
