## Evaluation Task 567

1. Вы услышите диалог. Выберите правильный ответ на каждый вопрос, обозначенный буквами **A–E**, выбрав его из выпадающего списка. Вы услышите запись дважды

- A.** Who was going to take evening classes?
- B.** Who has problems with languages?
- C.** Who works with computers too much?
- D.** Who prefers long courses?
- E.** Who chose Indian cooking course?

2. Установите соответствие между текстами и рубриками, выбрав рубрику из выпадающего списка. Используйте каждую рубрику **только один раз**. В задании **одна рубрика лишняя**.

**A. Рубрика:**

Of course, as your children grow, marry and have children of their own, it is not as easy to spend each holiday together. Be flexible and either alternate holidays or pick a few specific holidays where the entire family will be together. Sometimes it sounds like an overwhelming feat, especially if you have a large family, but as I said, children, even when they become adults, need those special occasions and traditions and they will go out of their way to make sure they happen.

**B. Рубрика:**

If you are lucky enough to have a sister, you already know that is a special bond unlike any other. Many factors can affect your relationship with your sister as you get older, however, such as age differences, geographic location, new family responsibilities - even sibling rivalry!

**C. Рубрика:**

If your sister-in-law is much younger than you, then it will be very easy for you to win her over. Little girls love spending time with their big brother's girlfriends, and you're this little girl's big brother's wife, so she's going to be elated to spend time with you. Play together with Barbie dolls, or ask her to help you decorate some Christmas cookies. Become her friend, and take an active interest in her, and she will love you forever.

**D. Рубрика:**

When parents are surveyed on the subject of favoritism, nearly all respondents say that despite their best efforts to the contrary, they have favored one child over another at least occasionally. "I see the frustration and behavior problems in our oldest child resulting from the favoritism their father shows our youngest child," said one parent in response to a recent *Vision* survey on the topic. "It is a very serious problem in our family."

**E. Рубрика:**

A new "grannies-for-rent" service in Poland brings together elderly people without families, and people who miss having real grandparents. A local University for the Elderly set up the programme, which aims to benefit people from all generations.

**F. Рубрика:**

Unfortunately for many, home can be anything but a safe haven. Men and women alike may find their home a fierce battleground. For children it may be where they are most vulnerable to assault, misuse or deprivation, ironically at the very hands of those who have a duty to safeguard and nourish them. Even the elderly may have reason to fear those who should be their caretakers.

Преобразуйте, если необходимо, слова, напечатанные заглавными буквами в конце строк, обозначенных номерами 1–6, так, чтобы они грамматически соответствовали содержанию текста. ### **Inventions**

Inventions help people to \_\_\_\_\_ the way they live. Some people invent to make money; others make up something to \_\_\_\_\_ their needs. Here is an interesting fact about an inventor and his invention.

The Earl of Sandwich was an English nobleman of the 1700s who liked to play card games so much that he didn't want to spend time \_\_\_\_\_. He decided to combine eating with playing. He ordered his servant to bring him a new meal that made him famous: two \_\_\_\_\_ of bread with a piece of roast meat \_\_\_\_\_ them. We call them sandwiches now.

To create an invention, a person needs good \_\_\_\_\_, materials, the ability to see the key idea and good luck.

### **History of animation**

Do you like watching cartoons? Probably you do! But how did they come to be? Who invented<sup>1</sup> them? This is actually a very tough question.

The first cartoons were created long before the TV. For example, shadow play was a very popular form of entertainment in ancient China. Such shows looked almost like modern cartoons!

A toy called a flip book was made in the late 19th century. It was a small soft book with pictures. Each picture was drawn in a slightly different way. When you bend this book and release the pages one by one, the images start to move. Strictly speaking, they don't, but our eyes see it like that anyway. The first real cartoons were made using this trick, too!
