1. Who finds it easy to be in the last year at school?
2. Who has a month-long Christmas break?
3. Who used to complain about parents?
4. Who likes playing videogames?
5. Who has a brother?

2. Установите соответствие между текстами и рубриками, выбрав рубрику из выпадающего списка. Используйте каждую рубрику **только один раз**. В задании одна рубрика лишняя.

A. Рубрика:

Denmark, a small kingdom in northern Europe, has a lot of interesting places for tourists with children. For example, Legoland, a theme park, has become the largest tourist attraction in Denmark outside its capital Copenhagen. And Copenhagen itself is world famous for its Tivoli Gardens amusement park, which opened in 1843 in the heart of the city. The Park offers ballet and circus performances, restaurants, concerts, and fireworks displays.

B. Рубрика:

Denmark is the smallest Scandinavian country, consisting of the Jutland peninsula, north of Germany, and over 400 islands of various sizes, some inhabited and linked to the mainland by ferry or bridge. Throughout the country, low hills provide a constant change of attractive views; there are also cool and shady forests of beech trees, large areas of open land covered with rough grass, a beautiful lake district, sand dunes and white cliffs on the coast.

C. Рубрика:

More than four-fifths of all Danes live in towns. The main cities represent a combination of medieval buildings, such as castles and cathedrals, and modern office buildings and homes. Denmark's high standard of living and wide-ranging social services guarantee that the cities have no poor districts. Most people in the cities live in flats. But in the suburbs, many also live in single-family houses.

D. Рубрика:

Denmark's fine beaches attract many visitors, and there are hotels and pensions in all major seaside resorts. Besides, excellent inns are to be found all over the country. Some are small and only serve local travellers, but others are adapted to the tourist and have established reputations for both international dishes and local specialities. There are also private rooms to let, usually for one night, and chalets all over Denmark.

E. Рубрика:

There is a wide selection of places to go out in the evening, particularly in Copenhagen. Jazz and dance clubs in the capital city are top quality and world-famous performers appear regularly. There are numerous cafes, beer gardens and speciality beer bars. Entertainment available includes opera at the recently opened opera house in Copenhagen, ballet and theatre at a number of places in the larger cities, and live music of all kinds.

F. Рубрика:

Most Danes eat four meals a day — breakfast, lunch, dinner, and a late-evening supper. Breakfast generally consists of cereal, cheese, or eggs. Dinner, which includes fish or meat, is usually the only hot meal. A traditional Danish dinner consists of roast duckling stuffed with apples, served with red cabbage and boiled potatoes. The other Danish meals consist mostly of sandwiches.

Imagine that you are preparing a project with your friend. You have found some interesting material for the presentation and you want to read this text to your friend. You have 1.5 minutes to read the text silently, then be ready to read it out aloud. You will not have more than 1.5 minutes to read it.

Many people do not realize how much plastic waste they produce every day. We buy a bottle of water when we want to drink and we are not at home. We use disposable plates and forks when we are on a picnic. We bring our groceries home in a plastic bag.

However, we do not know that plastic lasts for hundreds of years. There is so much plastic waste everywhere on our planet. It has already caused some wild animals' deaths. It is high time we stopped using so much plastic. For example, we can have reusable bags for shopping. Moreover, we can buy a reusable water bottle and carry it with us when we go out. A lot of people do not bother to repair plastic things when they break down but in most cases we can actually repair them. Even if you stop buying chewing gum, it will be good for our planet.
