Evaluation Task 559

1. Вы услышите диалог. Выберите правильный ответ на каждый вопрос, обозначенный буквами **A–E**, выбрав его из выпадающего списка. Вы услышите запись дважды

- A.** How many problems does Ben have?
- B.** Who can't cook?
- C.** Who has electric oven?
- D.** What should be done to the orange button?
- E.** What is the third problem?

2. Установите соответствие между текстами и рубриками, выбрав рубрику из выпадающего списка. Используйте каждую рубрику **только один раз**. В задании **одна рубрика лишняя**.

A. Рубрика:

When you are tired and don't want to cook, just pick up the phone. Restaurants are expensive and take some time and effort to reach if you don't live in the centre of town. Ordering food for home delivery is cheap and these days there is a huge choice. Indian and Chinese are the most popular but I prefer to get in a pizza.

B. Рубрика:

A school group on a skiing holiday to Italy narrowly avoided disaster when their coach left the road and fell eighty meters into a valley. Trees slowed down the falling coach and because of the fresh new snow the vehicle landed quite softly. Amazingly no one was injured.

C. Рубрика:

A teenager from London is making news around the world. On his recent holiday in Australia he set off without his mobile phone. Experts are amazed that he is still alive after walking for fourteen days, surviving extreme temperatures and living off the land. However, a lot of Australians are unhappy with him. The rescue cost is estimated at more than 100,000 dollars.

D. Рубрика:

You can buy almost anything, new or second hand, on the internet. On one site you can offer the price you want to pay for something. Whoever offers the highest price can buy that item. Recently I made the highest offer for a nearly new pair of skis. However, I only paid half of what they would have cost new in a shop.

E. Рубрика:

Making new friends on the internet makes so much sense. You can see someone's photo and read if they share your interests and opinions. The important thing is you can spend time getting to know people who are attractive to you and looking for the same things in life that you are. Still, for personal safety, most sites recommend that in person you meet initially in a public place like a cafe or a gallery.

F. Рубрика:

I like eating out but some restaurants have huge menus. And usually, every item sounds mouth watering. The trouble is I like to read about everything on offer and sometimes waiters wait for me rather than on me! The other issue is how they can offer so much whilst maintaining quality? I'd rather take one of five options knowing that each one was brilliant.

People use passwords every day. We have passwords to enter our computer or social media. We unlock our mobiles to make a phone call. Passwords are like locks. They protect you but on the other hand it is hard to remember them. That is why some people make a mistake and think of simple passwords. This way they do not forget them.

For example, statistics says that 60 % of people use their dates of birth for passwords. The problem is it is easy to hack them and get access to your personal data and bank accounts. The best passwords combine letters, numbers and symbols in an unusual combination. Such a combination should be absolutely random. Of course, it will be difficult for you to memorize it, but this way you will avoid unnecessary risks on the Internet. Of course, do not tell your password to other people.
