

## Practice: Present simple or present continuous?

1- Read the following text "Machine" and complete the blank space with the correct form of present simple or present continuous:

# Machine

People \_\_\_\_\_ (*communicate*) using language. But at the moment the world \_\_\_\_\_ (*have*) about 6,900 languages: this \_\_\_\_\_ (*mean*) that language often \_\_\_\_\_ (*prevent*) communication. To solve this problem online, more and more people \_\_\_\_\_ (*start*) to use machine translation. Some people \_\_\_\_\_ (*use*) machine translation to read websites in a foreign language. Others \_\_\_\_\_ (*translate*) instant messages in order to talk to people whose language they \_\_\_\_\_ (*not understand*). In the past machine translation was unreliable but translation software \_\_\_\_\_ (*get*) better all the time and at present many companies \_\_\_\_\_ (*develop*) efficient portable translators.

2- Answer the following questions after reading the text:

A- How many languages do you speak?

B- Do you think it is important to learn different languages? Why-why not?

C- Would you use a translator machine? Why-Why not?

D- According to the text, What does people use the translator for?

E- Think about the future, Do you think people will use translator machines more than now?
