## Evaluation Task 550

1. Вы услышите диалог. Выберите правильный ответ на каждый вопрос, обозначенный буквами **A–E**, выбрав его из выпадающего списка. Вы услышите запись дважды

- A.** Who bought a flat?
- B.** Who is studying to become an economist?
- C.** Who thinks that property prices will stop rising?
- D.** Who is working in banking?
- E.** Who, according to Jackie, is worrying more than her mother?

2. Установите соответствие между текстами и рубриками, выбрав рубрику из выпадающего списка. Используйте каждую рубрику **только один раз**. В задании **одна рубрика лишняя**.

**A. Рубрика:**

I believe playing sports is more than an activity to fill your day, it can teach important life lessons. When I was a child, my dad spent a lot of time teaching me how to play different sports. He told me that if I can succeed in sports, I can succeed at anything in life. He used to say, 'It's not about how good you become. It's about working hard to get where you want to be.'

**B. Рубрика:**

I like bicycles. Group rides help me to get new skills and make new friends. I try to apply the tactics of group riding to team work in the real world. In the perfect group ride, each rider takes a turn leading the pack, while the others enjoy the benefits of drafting. I think this way of working is a great method for approaching a group task anywhere.

**C. Рубрика:**

I believe in the power of running. Running should not be a battle for your body but rather a rest for your mind. I felt this last fall, when I was running in the park. Suddenly I felt as if I could have run forever, as if I could use running as a source of therapy for my body. Running allows the body to release different types of stress and even change our understanding of life.

**D. Рубрика:**

My father coached basketball every day of his life, and I was right there with him in the gym watching him work his magic. Basketball appears entertaining and exciting. But the path to success is not simple. My father always told me, 'Nothing is free.' I took this advice and ran with it. I truly believe that only practice and determination lead to success.

**E. Рубрика:**

Baseball is so much more than a sport. One of the powers of baseball is that it brings people together. It unites fans of all ages, genders, and nationalities. No matter who you are, you can be a baseball fan. My mom and I have one unspoken rule: no matter what has been going on before, no fighting at the game.

**F. Рубрика:**

I believe that you must always be loyal to the sport teams you support. The teams I follow in the United States generally lose many more than they win. The start of each season brings dreams of victory in baseball, basketball or football, dreams that fade away soon. But then there is always next year. It will be our year for sure.

**3.** Прочитайте приведённый ниже текст. Преобразуйте, если необходимо, слова, напечатанные заглавными буквами в конце строк, обозначенных номерами **1–6**, так, чтобы они грамматически соответствовали содержанию текста. ### Temperature

Do you know why it is \_\_\_\_\_ in the summer and cold in the winter? Most people believe that it is because the Earth is closer to the Sun in the summer and \_\_\_\_\_ from it in the winter. But it is not like this at all! In fact, the distance between the Earth and the Sun is largest in July and smallest in January! Scientists \_\_\_\_\_ that the reason for different summer and winter temperatures is the angle of the Sun's rays. In the summer, the rays \_\_\_\_\_ the Earth almost at a right angle. Due to this, the rays are not spread out and a smaller area of the planet's surface gets the energy. In the winter, the angle \_\_\_\_\_ and the Sun's rays are spread out over a larger area. Besides this, the long nights and short days do not give \_\_\_\_\_ time for the land to warm up.

The first maps were drawn by explorers to help them find their way home and show people where they had been. The maps showed the shape of the land, distances between places and special features such as caves and old trees.

Nowadays, maps show the towns and villages, and the roads, railways, rivers and mountains. Symbols are used to show all the different things on a map and there is a key to explain what the symbols stand for.

Over the centuries, people explored most of the Earth and put together the map of the world we use today. Maps of the world or large areas are often either "political" or "physical". The political map shows territorial borders. The purpose of the physical map is to show features of geography such as mountains, soil type or land use including roads, railroads and buildings
