### Topic: Exploring Mirrors

- ✓ To investigate mirrors and identify them as shiny objects

You know about mirrors, right? It's time to test your understanding. Fill in the gaps using the word bank. You can record your answers on a loose sheet or a rough journal.

1. Mirrors are \_\_\_\_\_ objects.
2. Mirrors \_\_\_\_\_ light.
3. Mirrors show the \_\_\_\_\_ of the objects placed nearby.
4. Dentists use mirrors to examine \_\_\_\_\_.
5. The side-view mirrors of cars help to see the \_\_\_\_\_ on the sides.
6. Mirrors are used in magnifying glasses to make the objects appear \_\_\_\_\_.

How do you feel about your understanding? You can draw the faces on your journal.

Objective	Smiley	Neutral	Unhappy
I know about mirrors			
I can identify mirrors as shiny objects
