

Science  
Term 2 - Week 3 - Reinforcement  
Worksheet # 01

Name: \_\_\_\_\_

Class: 1

Date: \_\_\_\_\_

**Topic: Properties of Materials**

This worksheet is linked to the shared video lesson. The objective of today's learning is:

- ✓ To identify properties of different materials

Match the given materials with their properties. You can use your rough journal or a loose sheet to record your answers.

wood	•	•	smooth and hard
plastic	•	•	rough and hard
cotton	•	•	smooth and stiff
glass	•	•	soft and squashy
metal	•	•	rough and grainy
sand	•	•	shiny and smooth

Look at this toy. List down three properties of the materials that it is made from. You can use your rough journal or a loose sheet to record your answers.

---

---

---

How do you feel about your understanding? You can draw the faces on your journal.

Objective			
I can recognise properties of different materials
