

## WE'RE GOOD by Dua Lipa

I'm on an \_\_\_\_\_  
Even when you're close  
Can't take the \_\_\_\_\_  
I'd rather be alone  
I think it's pretty plain and \_\_\_\_\_  
We gave it all we could  
It's time I wave goodbye from the \_\_\_\_\_  
Let's end this like we should and say we're good

We're not meant to be like sleeping and cocaine  
So let's at least agree to go our separate \_\_\_\_\_  
Not gonna judge you when you're with somebody else  
As long as you \_\_\_\_\_ you won't be pissed when I do it myself  
Let's end it like we should and say we're good

No need to \_\_\_\_\_ it  
Go get what you \_\_\_\_\_  
This won't be a burden if we both don't hold a grudge  
I think it's pretty plain and \_\_\_\_\_  
We gave it all we could  
It's time I wave goodbye from the \_\_\_\_\_  
Let's end this like we should and say we're good

We're not meant to be like sleeping and cocaine  
So let's at least agree to go our separate \_\_\_\_\_  
Not gonna judge you when you're with somebody else  
As long as you \_\_\_\_\_ you won't be pissed when I do it myself  
Let's end it like we should and say we're good

Now you're holding this against me  
Like I knew you would  
I'm trying my \_\_\_\_\_ to make this easy  
So don't give me that look, just say we're good

We're not meant to be like sleeping and cocaine  
So let's at least agree to go our separate \_\_\_\_\_  
Not gonna judge you when you're with somebody else  
As long as you \_\_\_\_\_ you won't be pissed when I do it myself  
Let's end it like we should and say we're good
