

Writing Task 6: An Article about the Protection of the Environment.

Write an **article** about what we can do to **protect the environment**. Use the paragraph plan and the writing tip for help.

Par 1 Say what the problem is and if we can do anything about it

When we express our opinion about something, it's best to support it with examples.

Par 2 Describe the first way we can protect the environment

We should use eco-friendly materials in our everyday life. For example, we can use cloth bags, not plastic ones.

Par 3 Describe the second way we can protect the environment

*To make suggestions and give advice, we use **can, could, should**. We can also use **Conditionals**.*

Par 4 Say that you hope everybody will help save our planet

*We can turn off electronic devices when we don't use them, like the computer or TV.
If we use the air conditioner less, we will save energy.*
