

Writing Task 6: An Article about the Protection of the Environment.

Write an **article** about what we can do to **protect the environment**. Use the paragraph plan and the writing tip for help.

Par 1 Say what the problem is and if we can do anything about it

When we express our opinion about something, it's best to support it with examples.

Par 2 Describe the first way we can protect the environment

We should use eco-friendly materials in our everyday life. For example, we can use cloth bags, not plastic ones.

Par 3 Describe the second way we can protect the environment

*To make suggestions and give advice, we use **can, could, should**. We can also use **Conditionals**.*

Par 4 Say that you hope everybody will help save our planet

We can turn off electronic devices when we don't use them, like the computer or TV.

If we use the air conditioner less, we will save energy.
