PWDITAT, the guide cat

According to many people, dogs are _____

(nice cats. They are _____ (intelligent) cats

and they are _____ (helpful) cats, too. Cats

are beautiful animals, but they are _____

(independent) dogs and they aren't really interested in people or other animals.

So how do you explain the story of Terfel, the blind Labrador from the UK, and

Pwditat the street cat? Terfe can't move around independently because he can't

see. Pwditat is _____ (young) Terfel and he is _____

(healthy) the dog. One day, Terfel's owner let Pwditat into the house. Pwditat

vega guiding the blind dog, using its feet and head to move him from place to

place. Now Terfel is _____ (happy) ever before, and he even goes

into the garden to play with his new best friend. It's _____ (strange)

fiction, but it's a true story!
